Dear Friend,

As this unprecedented year comes to an end, we are here to celebrate the holidays with you, supporting our community and serving as caregivers and advocates for our fellow San Francisco residents who need us the most. We thank you for your incredible support in 2020, allowing us to serve more people than ever before, helping our most vulnerable neighbors navigate what's been the most challenging year many have faced in their lifetimes.

In the past year, more than 5,600 clients came through PRC's doors in need of help. Our comprehensive programming in crisis care, residential treatment, supportive housing, emergency financial assistance, workforce development and legal advocacy touched each of them in life-changing ways that will have lasting impact.

We couldn't have done it without you and we are extremely grateful for your ongoing support of all that we do. Our very best wishes for a happy holiday season and for a year ahead of peace, good health and love.

Always,

The Team at PRC

We've donned ugly sweaters in holiday cheer, made gingerbread houses complete with reindeer. Zoom calls a plenty without leaving the house, while dressed up in yoga pants...and our favorite blouse. A party we can't have for it's still not advised, so to 650 clients we gave a merry surprise. Handmade greeting cards filled with love and affection, and a gift card from Safeway for their favorite confections.

Although we can't meet in our regular fashion, we've pulled off a holiday dinner, only this year, reimagined. Given hope and inspiration as we approach a new year, its your generous donations that have gotten us here.

We can't thank you enough for the help you provide, to ensure that our clients have PRC by their side. So to you, a message, from all of us here, wishes of good health, good fortune, and a happy new year!

THIS IS PRC

Amid these challenging times, PRC has worked diligently to continue to provide best in class care to the most vulnerable residents in San Francisco, offering wraparound legal, social, and behavioral health services to thousands of clients and their families. Our staff members have been a life line for our clients in these last months. These are their stories.

THANK YOU!

We are deeply grateful to our community partners who have helped us to provide safe and effective essential services during this public health emergency.

Chevron provided more than \$75,000 in support this past year as well as essential PPE for our staff and clients – masks, sanitizer and other essential equipment. Additionally, Chevron staff and their families created beautiful handmade holiday cards for our clients. Thank you, team Chevron.
